

SOCCER GAMES (AGES 4-11)

ACTIVITY REFERENCE GUIDE

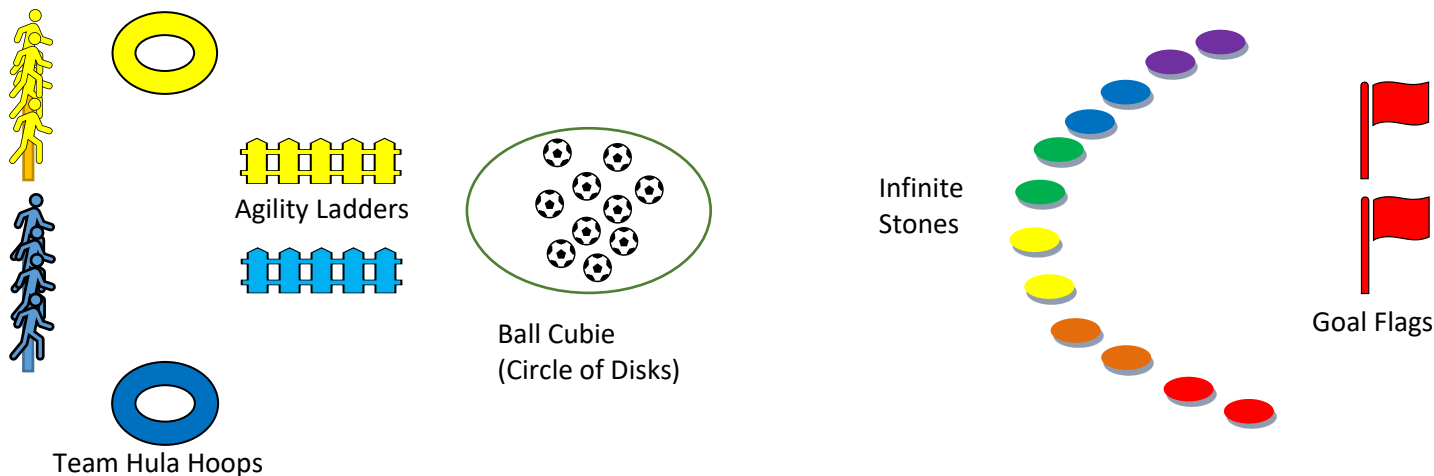

Avengers Infinite War Shooting w/ Agility Ladder Challenge

Purpose: Shooting, Dribbling, Passing

Equipment: Soccer Balls, Large Colored Spots, Hula Hoops, Pugg Goal, Agility Ladder

Set Up: Set-up Colored Spots so two spots of the same color are side by side in an arc facing the Goal Flags. On the fair side of the field but two teams lines next to a Team Hula Hoop. Between the Team Lines and Infinite Stones, put down an Agility Ladder for each team, followed by a circle of disks filled with Soccer Balls.

Execution:

- The goal of the game is to collect all of your Infinite Stones(colored spots) and put them into your team hula hoop. The first team to collect all 6 stones wins the round.
- Coach has all players start in their team line.
- On coaches whistle, the first player in each line goes down the Agility Ladder (2 quick feet in each square) to the ball Cubie. They grab one ball (using only their feet) and dribble it to the Stones. They trap the ball on one of the stones and takes a shot at the Goal Flags.
- **If the player makes the shot (Ball goes through the Flags):** they grab their Stone, put it in the Hula Hoop.
- **If the player doesn't make the shot:** They leave the stone where it is on the field
- **Make or miss:** After 1-shot, the player grabs his/her ball, dribbles back to the Ball Cubie. Leaves the ball in the Ball Cubie, crosses the agility ladder, and tags the next player in line.
- Players can shoot from any Stone at any time.
- Continue until 1-team has collected all 6-infinite stones and award points. The winning teams gets 6-points. All other teams get 1-point for each stone they had in their Hula Hoop when time expired
- Scoot the Stones further and further away from the Goal Flags each round. Continue as time permits
- Have players give each other a High-Five and say good game.
- Review Life Skills and Sport Skills and award points for both.

Comments: Infinite Stone Colors:

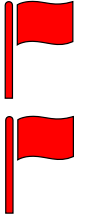

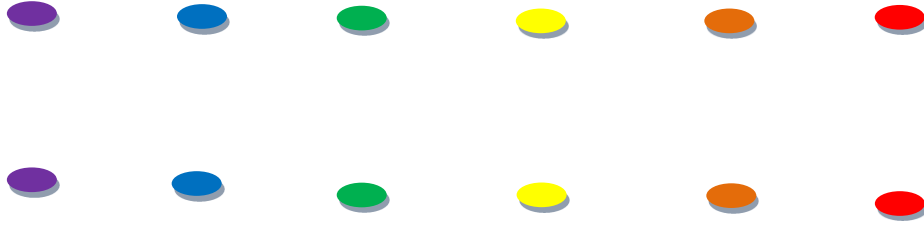

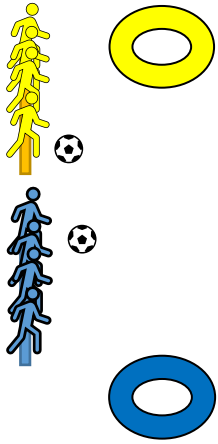

- Blue = Space Stone
- Red = Reality Stone
- Purple = Power Stone
- Yellow = Mind Stone
- Green = Time Stone
- Orange = Soul Stone

Variation Edition:

- Put the Stones in a straight line so each stone is further from the one in front of it. (see diagram on the next page)
