

SOCCER GAMES (AGES 6-11)

ACTIVITY REFERENCE GUIDE

TIC, TAC, TOE DRIBBLING RELAY

Purpose: Dribbling

Equipment: Hula Hoops, Soccer Balls, Colored Spots

Set Up: Use hula hoops to create a Tic, Tac, Toe grid. Use colored spots to mark the team standing spots. Put 3-soccer balls next to each team on a colored disk. Make sure the soccer balls for the 2 teams are a different color.

Execution:

- Have kids' line-up in their team line
- First player from each team grabs their team's ball and dribbles it up to the tic, tac, toe grid. They put the ball down in one of the hula hoops using only their feet. They then run back and tag the next person in line
- Second kid grabs the next ball and dribbles it into one of the empty hoops. They then run back and tag the next person in line
- Third kid grabs the next ball and dribbles it into one of the empty hoops. They then run back and tag the next person in line.
- Now that there are no spots remaining, the next player runs down to the grid and moves one of their team's balls to a different hoop using just their feet
- This continues until one of the teams gets 3-in-a-row (TIC, TAC, TOE!). That team gets a team point. Continue as time permits.
