Infinity Gauntlet – Shooting

Purpose: Basketball Shooting

Equipment: Basketballs, Spots, Small Spots, Hula Hoops

Set Up: Set-up 2-lines of 4 Colored spots in a vertical line for the teams to stand on. Put down stacks of 2 of each color small spot. Set up a line of 5 big spots with a cone on the middle spot and one hula hoop at either side of the spot line.

Execution:

- First player in line will dribble to the shooting spot and take a shot.
 - o The focus is flicking their wrist and putting their hand in the hoop.
- If the player makes their shot, they will dribble the ball to the end of the line and start bounce passing the ball down the line. They will then move the cone one spot towards their teams hula hoop.
- If the player missed their shot, they will dribble the ball to the end of the line and start bounce passing the ball down the line. They will NOT move the cone.
- Once a team gets the cone to their hula hoop, they will go grab 1 “Infinity Stone” for their gauntlet and put it in their hula hoop.
 - o While they are doing this, the coach will move the cone back to the middle spot.
 - o Note: Teams cannot take more than one of the same colored Infinity Stone during the game.
- One team will be the Avengers and the other team will be Thanos.
 - o The objective of the game is for one team to complete their Infinity Gauntlet.
 - o The Avengers are trying to complete it first to stop Thanos from snapping his fingers and making people disappear
 - o Thanos is trying to complete it first to stop the Avengers.
- Variation – Low Time
 - o If you are running out of time, put down a 2 point spot and a 1 point spot to speed the game up.
